

design FOR A Cure™

is a foundation that integrates art and design to advance colon cancer research and awareness.

To whom it may concern:

This letter is to certify that, Alisha Riley, completed 4 hours of volunteer work for Design for a Cure: Interiors event.

Design for a Cure is a non-profit organization, with 501(c)(3) status pending, that raises money for colon cancer research and awareness through the Robert H. Lurie Comprehensive Cancer Center at Northwestern University. Our Interiors event took place on Friday, September 10, 2010 and was held at EnV Apartments at 161 W. Kinzie in Chicago, Illinois.

Our volunteers were invaluable to us at the event as they directed guests through the event, manned the silent auction table, served beverages to our guests, registered guests at the door, and sold T-shirts, raffle tickets, and drink tickets to our guests.

If you have any further questions about our organization, the event, or the roles of the volunteers, please visit www.designforcure.net or contact me at volunteer.dfac@gmail.com.

Thank you,

Kimberly Musick

Volunteer Coordinator
