To whom it may concern,

I am writing to recommend Alisha Riley. I worked with Alisha during her time at Harrington as her Internship Coordinator. Alisha is very personable and responsible. She keeps a calm demeanor and is a very genuine person. Alisha was diligent with her paperwork and I know her Internship Sponsor was impressed with her abilities. She shared some renderings of kitchens she designed while at her internship and I was amazed with her ability to pick up computer programs so quickly. She would be a welcome addition to any work environment.

Sincerely,

A handwritten signature in black ink, appearing to read "Margaret Murray". The signature is fluid and cursive, with the first name "Margaret" and the last name "Murray" clearly distinguishable.

Margaret Murray

Internship Coordinator, Harrington College of Design
